Dear Tracy:

We at Specialized Purchasing consultants wish to thank you for your continued confidence in us for the **past 16 years**. We hope we can continue this relationship for many years to come.

This year's Annual Report provides an overview of last year's reprographic equipment usage and status. We recognize that this was an unusual year and that accurate usage may not be fully reflected. However, it is still good to compare and review to see just how the pandemic has impacted usage. Recommendations have still been made to address any potential problem areas and help to avoid needless down time and improve equipment reliability.

Every year we strive to improve or enhance our services to save our clients time, money, and effort. Hopefully you have been able to benefit from these services, and we hope to continue to offer new services. In fact, one new service is the Client Warranty and Relief Fund. A description of this valuable service is provided in this year's report. We are pleased to continue offering all of our services to you at no additional charge.

We appreciate the opportunity to provide you with the best possible pricing, service, and equipment. We look forward to our meeting. Feel free to share your thoughts and feelings concerning your overall experience with SPC.

Sincerely,

Skip Tilton
President

As co-founders of SPC, Billie Jo and I are very proud of our team of professionals. The concept of group purchasing to save millions has grown since 1988 into providing over 16 different managerial services that increase reliability and extend the life of your equipment. However, none of this would have been possible without the loyalty of our clients, many of whom we have assisted for more than 20 years! Together, we have realized the lowest prices possible while improving the quality of your service and equipment. We have also been able to find ways to increase your equipment reliability, monitor and track usage variations throughout the year, and keep your costs under control.

SPC Timeline

1988 Specialized Purchasing Consultants opens its doors

- Began offering equipment at the sales representative's cost with continued cooperative buying power obtaining competitive rates on leases, equipment, and service and supply contracts.

1999 Improved Annual Reports

- Revised Annual Report format to include new charts and tables for more expansive usage and budget detail.
- Established Student Ratios.

2001 Meter Collection

- Began collecting meter reads directly from client and submitting to vendors via spreadsheet, providing more accurate and consistent billing.

2002 Bond Counsel Review

- Added Bond Counsel Review to ensure any and all funding sources provided legal documentation to meet State statutes and regulations.

2003 Bond Counsel Review of Contracts and Warranties

- Service & Supply Contracts revised to reflect SPC's commitment to managing a client's account for five years while allowing the client a 30-day cancel option.
- Warranty revised to protect equipment, guaranteeing service or replacement at no charge, even if a vendor goes out of business.

2012 STARDoc and Simplified Billing Developed and Implemented

- Live Floor Plans: Allows IT administrators to move devices around on their own floor plans.
- STARDoc: Helps project out the end of year costs and potential overages.
- Simplified Billing: Designed to eliminate hundreds of invoices and condenses it down to 2 or 3 a year.

2013 STARDoc - Daily Tracking

- Meters gathered daily to track usage

2014 STARDoc - Monthly Audits

- Users can see a monthly snapshot of current usage and estimated projections

2015 STARDoc - Mapping Options and Asset Management

- Allows mapping of other IT devices (Wireless Access Points, IP Cameras, Projectors, VoIP Phones, etc.)
- IT Asset Management tracks all IT purchases, warranty expirations, etc.

SPC Timeline

2018 STARDoc - Improved Pinpointing of Budget and Communications

- Improved pinpointing of machines projected to go over budget
- Facilitate communication with your vendor's service manager
- Request service history on any given printer or copier

2019 STARDoc – Service Histories, Chromebook Bid

- Mandatory annual fleet service history: Provides data on the overall reliability of the fleet.
- SPC's Chromebook bid allowed organizations to piggyback off our cooperative pricing. Many schools like SAU 67 - Bow and SAU 57 - Salem benefited from this pricing.

2020 Mock Bids - Warranty and Relief Fund

- Mock Bids: allows us to show where a client's pricing would come in without having to go out to bid. This allows them to buy off an existing bid, thus saving time and money.
- Warranty and Relief Fund: Due to the pandemic, there are serious upheavals in the industry. In an effort to cushion our clients, this fund was established. For more information, see the last page of the Annual Report.

2021 SPC Roadmap

- Major STARDoc facelift. User interface will be more modern.
- Update Bid Process to simplify bid submission for all of our vendors.
- Five Year Fleet Management (FYFM) - Projects out Five Year costs for all equipment based on current and past usage.

Dear Tracy,

Because of the change to remote activity in March, COVID-19 had a direct and significant impact on client budgets. Usage was dramatically affected, though the City actually had a year-end OVERAGE of \$716.01. The majority of our clients were well under budget. While this may seem like a positive – saving money on reprographic expenses – it actually put a tremendous burden on the vendors as they started off the new fiscal year with a deficit. Combine this with other economic strains for the vendors, SPC is concerned, which is why we developed the Warranty and Relief Fund (see page 31) to protect our clients.

Sincerely,
Skip

Overall Description of Equipment Fleet:

Presently, you have **Five different Manufacturers & Thirty different Models of Low end Network Printers that are costing you \$0.035 per black print with some units not under a CPC agreement. The new arrangement will shift to one or two manufacturers with one Vendor servicing everything.** This will greatly reduce cost and improve reliability. In addition, we will implement google cloud print on all devices that will continue to cut back on your overall printing.

Capital:

Presently, you have **one** municipal lease that will be paid off on August 2nd 2019. With the new arrangement, you will again have **one** 'municipal' master lease at 3.95% interest. Your first of five annual lease payments will be due on **August 1st 2020.**

Service & Supplies:

Considering all your consumable cost centers including service you are averaging **\$0.005651 for black and \$0.048840 for Color.** The new contract will come in at a CPC of **\$0.006353 for Black and \$0.05039 for Color with Budget.**

Vendor Packages:

SPC will bring you multiple different vendor combinations, matching up the best technology available to meet your needs. We would like to highlight the most qualified bids combination.

	<u>Cost Center</u>	<u>Present</u>	<u>Budget Konica Minolta (Low Bid)</u>
1.	Service & Supplies Color Photo only	\$7,777.07	\$8,023.86
2.	Service & Supplies Black Photo only	\$5,301.19	\$5,959.26
3.	Annual Muni Lease	\$30,949.78	\$23,934.48
4.	Forced Upgrades (#11 Owned Units)	\$9,975.00	\$00.00
	Totals	\$54,003.04	\$37,917.60

* Note that with the last upgrade only **38 New units** were purchased while **49 New units** are part of the lease. Over 5 years, based off low bid, SPC will save the City **\$80,427.21.**

The successful bidders will have a blanket servicing contract that includes all consumables excluding only staples and paper for all of the equipment that is under their factory authorized ability to service. They will provide one easy 'Cost per Copy' billing plan done twice a year in July & January with a reconciliation invoice in June. Your service contract will be fixed through **June 30th 2020.** A contract extension has been negotiated for four more years, which will have an annual price ceiling of five percent or CPI, whichever is less. You however, only commit funds for one-year at a time to the servicing vendor. And even this scenario allows you to upgrade, lowering the service costs, if it is to your advantage to go out to bid at any time. SPC will set up both the service- supply contracts and the warranty cards with the successful bidding vendors.

Security package: Hard Drive Wipes are included in these prices.

Aging Equipment Summary

The following equipment is seven or more years from the date they were first offered for sale by the manufacturer. This is a major factor because availability of parts, cost of operation, and warranties all become diminished at 10 years from the Date of Introduction. Usage, age, and service history need to be considered to see if they are due for replacement soon.

SPC Analysis

COLOR printing is skyrocketing out of control! In fact, in FY19, color printing increased by 19%! Of course, FY20 was dramatically different because of COVID-19. Therefore, we should assume that color volume will continue to increase unless the proper controls are put in place. Obviously some color printing is necessary. However, if color printing is not monitored properly, it could blow up your entire printing budget. The best time to financially achieve the color control goal is when you do your next upgrade. For that recommendation, please review the Health Status page.

SOLUTION: SPC has incorporated into our bids Right-Sized Print Management software that pinpoints the problematic locations and implements tailor-made software that controls your color printing. Instead of forcing the entire organization to change all printing habits, SPC focuses only on problematic locations.

Under SPC's Simplified Billing Program, SPC will invoice you directly for 50% of the Projected Annual Volume in July and January, and then reconcile based on actual usage in June. Cost per copy typically increases by 5% or CPI annually, whichever is less. **Current year's increase is .03%.**

SPC'S CLIENT WARRANTY AND RELIEF INSURANCE FUND

AVAILABLE IMMEDIATELY!

WHY IS IT NEEDED?

With the recent pandemic, schools and businesses shut down. We are now seeing massive credits overall owed in the vicinity of \$389,820.78!* However, your contracts stipulate that any unused service and supplies are to be refunded. While this may seem like good news to our clients, what if the vendor is unable or unwilling to repay those funds? Many companies outside of the copier industry are already filing for bankruptcy. SPC's legitimate concern is, what if this hits the Copier Industry and we can no longer access the funds owed to the client?

OTHER CONCERNS:

- Vendor refuses to honor a Warranty
- Equipment is no longer under a vendor Warranty
- Vendor refuses to honor a Service-and-Supply Contract at the agreed-upon pricing.
- Vendor gets sold to a venture capitalist entity or to a risky new owner with limited cash reserves

PURPOSE:

Since 1989, SPC's goal is to shelter our clients from Industry upheavals. This fund is to set aside monies that can be used by any client, if a need arises.

Funding Source: Initially, \$200,000 no-interest personal loan. To be paid back from two sources...

- Wholesale Trades... For over 10 years these funds have been set aside for warranty replacement units since the industry would provide the same cash price with or without the trade.
- Equipment Purchases... 2% of the gross will be set aside with each upgrade.

WHO BENEFITS:

All SPC clients...like any insurance fund, by pooling funds from SPC's entire client base, any losses are eliminated.
