Dear Scott:

VISIT US ON THE WEB:
www.spccopypro.com

Our staff at SPC would like to extend their gratitude for allowing us to provide beneficial services to you and your organization for the past *8 years*. Over the last two years, SPC has made major improvements to your services without increasing our cost to you. We hope you have experienced and enjoyed the benefits.

Since our inception in 1988, we have always strived to maximize your savings while improving productivity and reliability. As a major part of our services, **SPC STAR Doc.** * which was designed to predict both your year-end cost as well as set up your next year's budget as soon as January 1st, is fully functional. New features include...

- Mapped devices show a before and after Upgrade floor plan
- Devices not reporting are now factored into your budget so that you have a more accurate forecast
- Non-contracted devices are now flagged with potential cost savings

*Feel free to ask for a more detailed explanation

New to this year's Annual Report is a section for warranty replacements and equipment complaints that have taken place during the previous year. This will flag problem locations that may or may not need to be eventually upgraded. As always, the overview of your equipment usage and status for the past fiscal year is included. Recommendations are provided to address potential problem areas to avoid needless down time and improve equipment reliability for years to come.

Thank you again for allowing SPC the opportunity to be of service. We look forward to our personal presentation of this year's annual report.

Sincerely,

Skip Tilton
President

Billie Jo Tilton, Vice President

As co-founders of SPC, Billie Jo and I are very proud of our team of professionals. The concept of group purchasing to save millions has grown since 1988 into providing over 16 different managerial services that increase reliability and extend the life of your equipment. However, none of this would have been possible without the loyalty of over 87 clients (3,800+ machines with 1.6 billion prints over five years). Together, we have realized the lowest prices possible while improving the quality of your service and equipment.

Paul Garozzo

General Manager

As General Manager my goal is ensure our clients are pleased with our services and also provide solutions that are efficient, productive and reduce cost. With my 23 years in the copier industry, I will use my experiences to achieve this goal. In addition, I will be utilizing our new SPC STAR Doc system to further enhance SPC services. Clients will now have the benefit of visually seeing where all their devices are located and project future expenses. I could not be more excited to join the SPC team.

Dear Scott,

We have made excellent progress during the past year. We mapped all of your devices, implemented SPC's Software SPC STARDoc, connected allot of devices that were originally set up as a non-network device and corrected the meters on devices that we could not get meters for on the previous years.

There are still some units that we were not able to collect meters perhaps due to not being connected. Can we correct this in 2014? Print shop volume has been progressively dropping and when we do the next upgrade we may be able to drop back one machine.

Keep in mind that your service contract and warranties end in 11-1-2016. Since it takes a considerable amount of time to implement an upgrade we may want to start the upgrade process after 11/1/2014 when you make your final payment.

Aging Equipment Summary

The following equipment is seven or more years from the date they were first offered for sale by the manufacturer. This is a major factor because availability of parts, cost of operation and warranties all become diminished at 10 years from the Date of Introduction. Usage, age, and service history need to be considered to see if they are due for replacement soon.

: SERVICE AND SUPPLY CONTRACT

The Vendor identified below of the equipment described at Exhibit A to Property Schedule No. 1 (the "Equipment") to a Master Lease-Purchase Agreement between M.S.T. Government Leasing, LLC, as lessor (the "Lessor") and Cheshire Medical Center, as lessee (the "Lessee"), commencing on April 1, 2011, (the "Lease-Purchase") hereby contracts with Lessee for the term of the Lease-Purchase (terminating on June 30, 2016) to provide comprehensive services, supplies, and maintenance to such Equipment, excluding only the cost of paper, transparencies, and staples, at a cost per copy per item of Equipment as shown on Schedule A attached hereto. In addition, for high-speed duplicators, Vendor may charge the cost shown on Schedule A attached hereto for masters used when the number of copies made by use of such masters is, on an annual average, fewer than 100. Vendor shall provide a four-hour response time to all service calls.

On July 1 of each calendar year during the term of the Lease-Purchase, Vendor, at its option, may increase such costs per copy under this Service and Supply Contract (the "Contract") by 5% or by a percentage equal to the increase during the immediately preceding 12-month period of "The Consumer Price Index for All Urban Consumers (CPI-U) for the U.S. City Average for All Items, 1982-84 = 100," whichever is less.

On July 1 of each calendar year during the term of the Lease-Purchase, Vendor shall credit to Lessee any cost of this Contract prepaid by Lessee and unused by Lessee because fewer copies were made by Lessee during the Contract period ending on such July 1 than were originally estimated under this Contract to be made by Lessee during such period. If the Lease-Purchase is terminated prior to the end of its term, Vendor shall prorate and return to Lessee, within 30 days of such termination, any cost of this Contract prepaid by Lessee and unused by Lessee because of such early termination of the Lease-Purchase.

SPC's Dual-Layered Warranty – Purpose & Explanation

Reprographic equipment is expensive and does not hold its value. Therefore, it is crucial for you and the banking industry holding the collateral to secure this asset.

Our unique Dual-Layered Warranty guarantees a like-for-like no-charge replacement unit in the event of equipment not performing satisfactorily.

1. **Servicing Vendor**; implemented in 1988
2. **ESP Electrical**; implemented in 2007, all photocopiers with such units will be warranted from electrical damage by ESP.

ESPs (Electronic Surge Protectors) with our most recent upgrades are being installed by SPC on 40 CPM units and faster in order to cut down on approximately 30% of all service calls. These units will not only protect from electrical surges but will also filter out electronic noise that creates havoc with boards and the operation of your equipment.
