FLEET REPORT FY23**

SPC SUMMARY

This annual fleet report is a service SPC offers in order to stay ahead of problem or aging units under contract. It is designed to highlight areas of concern as well as determine how well your vendor is managing your fleet.

Out of nine units under contract with KMBS there were 3 service calls on two copiers (A-3 devices) and one printer (A-4 device) during the fiscal year. Uptime for your fleet was 100%. SPC's bid specs require vendor to arrive within an average of four hours for service calls. However, each vendor calculates these figures differently. However, KMBS notes there were no actual service calls other than PMs so there is no average response time recorded for your equipment..

Your last upgrade was 8/1/2019. All machines are under a five-year+ warranty and service contract that expires on 6/30/2025. The average model in your fleet was introduced 6.12 years ago, with two units more than 7 years from date of intro. We monitor this detail because as models get more than 10 years out from date of introduction parts become harder to locate and repair times may be longer.
