FLEET REPORT FY22**

3

**SPC SUMMARY**

This annual fleet report is a service SPC offers in order to stay ahead of problem or aging units under contract. It is designed to highlight areas of concern as well as determine how well your vendor is managing your fleet.

Out of 9 units under contract with Konica Minolta Business Solutions, there were 7 service calls on 2 copiers and 2 printers during the fiscal year. Uptime for your fleet was 100%, which is fantastic. SPC's bid specs require vendor to arrive within an average of four hours for service calls. Vendor shows no average response time due to an error in their system at the time related to billing. However, their average repair time was under two hours per call. Average uptime was 99.71%, which is not too bad.

Your last upgrade was 2019. All machines are under a five-year+ warranty and service contract that expires on June 30, 2025. The average model age in your fleet is just under 5 years. None of your units are more than 7 years from date of intro. We monitor this detail because as models get more than 10 years out from date of introduction parts become harder to locate and repair times may be longer.
