

SAU 57 - KMBS Service Fleet Report FY20

KONICA MINOLTA

SPC SUMMARY

This fleet service report is a service SPC offers in order to stay ahead of problem or aging units under contract. It is designed to highlight areas of concern as well as determine how well your vendor is managing your fleet. Because of COVID-19, your volumes dropped by 41%, which likely has an effect on the number of service calls on your equipment for FY20.

Out of 107 units under contract with KMBS, there were 185 service calls on 58 copiers and printers during the fiscal year. Most of the service calls were for Preventative Maintenance. Uptime for your fleet was 99.94%, which is actually excellent for the size of your fleet and number of service calls. SPC's bid specs require vendor to arrive within an average of four hours for service calls. However, each vendor calculates these figures differently. KMBS notes their average response time from call to arrival as 9.1 hours. Keep in mind that one machine had a response time of 51 hours, which was for a Preventative Maintenance call, not considered high priority and may have been delayed in responding. Taking out that one machine, the remainder of the service calls averages a 3-8-hour response time, which is well within the bid specs. There were 8 machines with 6 or more service calls. Details on those calls can be seen on the next page.

The average model age of your equipment is 6 years from date of intro, with 46 units more than 7 years from intro. As models get more than 7 years out from date of introduction parts become harder to locate and repair times may be longer. You may want to consider replacing those machines in the near future.

SAU 57 - KMBS Service Fleet Report FY20

Equipment with 5 or more calls for the reporting period July 1, 2019 to June 30, 2020

Current Equipment	Location	Serial Number	# Service Calls	Current Total Meter	Avg Copies between all Service Calls (incl PM)	Avg Response Time	Uptime%	Avg Monthly Volume Total	Model Type	Model Age (# years from Intro)	Reasons for service calls
