Dear Debbie:

We at Specialized Purchasing Consultants, wish to thank you for your continued confidence in us. Our relationship is **now 14 years strong**, and we hope that your trust in us and this relationship will continue for many years to come.

The following Annual Report provides an overview of last year's reprographic equipment usage and status. Recommendations are included based on usage and remaining life expectancy to address potential problem areas. This will help to avoid needless down time and improve equipment reliability.

Every year we strive to improve or enhance our services to save our clients time, money, and effort. For the past number of years, numerous new features have been implemented to benefit our clients such as Simplified Billing, FMAudit automated meter reading, STARDoc and IT Asset Management. We hope you have found these services to be beneficial and time-saving. We are very pleased to offer these services at no additional charge.

During our meeting with you to review this report, we would like to take some time to review our current services as well as new services soon to be offered and how you can benefit from these services.

Again, we appreciate the opportunity to continue to provide you with the best possible pricing, service, and equipment. If you have any questions or are in need of more information, please let us know.

Sincerely,

Skip Tilton  
President

**Billie Jo Tilton, Vice President**

As co-founders of SPC, Billie Jo and I are very proud of our team of professionals. The concept of group purchasing to save millions has grown since 1988 into providing over 16 different managerial services that increase reliability and extend the life of your equipment. However, none of this would have been possible without the loyalty of our clients, many of whom we have assisted for more than 20 years! Together, we have realized the lowest prices

possible while improving the quality of your service and equipment, as well as providing ways to increase your equipment reliability and the ability to monitor and track usage variations throughout the year to keep your costs under control.

**Pam Weed**

*Client-Vendor Relations*

It is always my goal to ensure a good working relationship between clients and vendors. This applies to billing, upgrades, equipment reliability, and everything in between. I am available to assist you with smooth transitions and quick resolutions.

**Robert Dutil**

*Director of Information Technology*

I work behind the scenes to keep everything running smoothly. I appreciate SPC's honesty, work ethic and loyalty, and it is my goal to make sure SPC has the tools it needs to continue improving their technology to better serve their clients and to be as productive as possible. By doing this, our clientele has the ability to monitor their assets and keep their costs down. I am excited about what the future holds for SPC and our clients.

Dear Debbie,

On paper, everything looks pretty good. I would definitely continue to pay down your principal on your capital lease.

It is important to not ignore machines that are being overused or underused. We don't see that happening in your school. We will continue to monitor the usage to see if this changes. One of our jobs is help flag these kinds of devices so that you can maximize your capital investment as well as minimize the cost of operation on your service contracts. Please keep an eye on your color usage since your district is definitely higher than other districts. Ratios are 185 color prints per student per year! Your Ratio is 573.

Also, keep in mind there are some powerful print management software that you may want to consider next time around. (See page #10)

Sincerely,

## Service and Supply Contract - Client

Specialized Purchasing Consultants ("SPC") hereby contracts with \_\_\_\_\_ ("Client") to provide comprehensive services, supplies, and maintenance to equipment described on Schedule A ("Equipment") using the Contracted Vendor shown below at a cost per print shown on said Schedule A, commencing on \_\_\_\_\_ and terminating on June 30, \_\_\_\_\_. This Service and Supply Contract ("Contract") shall exclude only the cost of paper, transparencies, and staples. Refer to Schedule A for Additional Provisions, if any.

SPC assumes responsibility for all billing and vendor payment. SPC shall invoice Client one-half of the annual projected number of pages multiplied by the cost per print listed on Schedule A. This semi-annual billing will take place July 1 and January 1. Actual meter reads will be collected by SPC either electronically or from Client staff during the month of June. A final Reconciliation spreadsheet and invoice will then be completed and sent to client. Upon payment of each billing invoice during the year, SPC will reimburse Contracted Vendor appropriately. Client is responsible for making payment in full within 30 days of said invoicing to avoid suspension of supplies by Contracted Vendor.

On July 1 of each calendar year during the afore-mentioned term, SPC shall credit Client any unused prepaid pages to Client if fewer copies were made by Client during the Contract period ending on or before June 30 annually than were originally estimated under this Contract for such period. If more pages were consumed than billed in the combined semi-annual billing, an overage invoice will be generated. Following semi-annual billing will be based on previous year volume.

On July 1 of each calendar year during the term of this Contract, SPC, at its option, may increase such costs per print under this Service and Supply Contract by 5% or by a percentage equal to the increase during the immediately preceding 12-month period of "The Consumer Price Index for All Urban Consumers (CPI-U) for the U.S. City Average for All Items, 1982-84 = 100," whichever is less.

Client may terminate Contract at any time with a 30-day written notice. Client will be required to provide final meter reads on all Equipment listed on Schedule A, including those added during the Contract term. Any credits owed to Client after reconciling actual usage versus projected will be paid to Client. Client must return any unused consumables to Contracted Vendor.

Refer to Schedule B for Additional Provisions to this Warranty.
