FLEET REPORT FY22

SPC SUMMARY

This annual fleet report is a service SPC offers in order to stay ahead of problem or aging units under contract. It is designed to highlight areas of concern as well as determine how well your vendor is managing your fleet.

There was one service call on your machine during the year, but it appears to be minor, with no down time or a response time noted.

Your last upgrade was 2018. All machines are under a five-year+ warranty and service contract that expires on June 30, 2024. Your MFP is still relatively new, with a model intro date of about four years. We monitor this detail because as models get more than 10 years out from date of introduction parts become harder to locate and repair times may be longer.
