Dear Michele:

Specialized Purchasing Consultants is pleased to present your FY23 Annual Report. We pride ourselves in being flexible and adjusting to the competitive environment. After going through two tough years involving backorders, we now feel confident that the industry has caught up with their inventory.

While Inflation has been a worldwide problem, SPC bids have fallen to their lowest level ever! We are buying new equipment for **8 to 12% of retail!** In addition, the number of participants in our bids has grown to eight different vendors representing eight different manufacturers.

Since 2020, we are averaging 75 million prints, acquiring approximately 1,200 machines annually. In addition, we have signed up **34 new clients, representing 100 million prints** – more than a 50% increase. The purpose of informing you of this information is to continue to build confidence in the strength of your cooperative buying power with SPC.

As always, we are grateful for your continued confidence in the services SPC provides and in our efforts to secure better pricing on equipment, service and supplies than can be obtained independently. We look forward to working with you another year and into the future.

Sincerely,

Skip Tilton
President

MEET YOUR TEAM

Skip Tilton, President
Billie Jo Tilton, Vice President

As co-founders of SPC, we are very proud of our team of professionals. The concept of group purchasing was relatively new in 1988, but with your trust and loyalty, we have been able to save our clients millions of dollars, increase the reliability and quality of your service and equipment, and improve the accuracy and ease of billing. We are so pleased to bring you services that give you control over equipment, usage and costs.

Alex Webster
Director of Technology & Operations

Alex manages overall operations, actively seeking new clients and improving the cooperative bid process and the buying power in New England. Alex organizes and prepares the bids, tabulates the results, and presents them to our clients. He also oversees STARDoc and FM Audit maintenance so our clients always have access to valuable information on their equipment.

Sue Penney
Administrative & Finance Manager

Sue oversees all billing, leases, and contracts. Her decades of financial expertise, attention to detail, and ability to prioritize ensure accuracy and timeliness of all finance projects.

Kelly Fortier
Finance Support

Kelly is a valuable asset to the SPC Finance Department. Her versatility in managing various aspects of accounting, lease documentation, and service and supply contracts benefits her team and the clients she works with.

Heidi Tilton
Office Support

As part of the Billing Team, Heidi assists with bookkeeping and billing, processing payments, updating contact information, and providing office support.

Pam Weed
Client-Vendor Relations

Pam works with clients and vendors to maintain a good working relationship. She oversees warranty complaints and replacements, equipment upgrades and changes, end-of-year meter collection, billing, and scheduling of Annual Report meetings. Pam also assists with marketing SPC services.

Robert Dutil
Information Technology

Bob keeps SPC running by maintaining and updating database processes as well as assisting in updates to SPC's STARDoc website. He also wrote the code to create the many reports SPC generates to give you the accurate information you rely on..

Jamin Tilton
Operations Support

Jamin plays a vital role in ensuring equipment surveys, installations, and trades go smoothly. He coordinates with clients and vendors to create schedules that are beneficial for all. Jamin also assists Alex in many technical areas such as maintaining STARDoc, FM Audit and the computers.

SPC TIMELINE

1988 Specialized Purchasing Consultants opens its doors

- Began offering equipment at the sales representative's cost with continued cooperative buying power obtaining competitive rates on leases, equipment, and Service & Supply contracts.

1999 Improved Annual Report

- Revised Annual Report format to include new charts and tables for more expansive usage and budget detail.
- Established Student Ratios.

2001 Meter Collection

- Began collecting meter reads directly from client and submitting to vendors via spreadsheet, providing more accurate and consistent billing.

2002 Bond Counsel Review

- Added Bond Counsel Review to ensure any and all funding sources provided legal documentation to meet State statutes and regulations.

2003 Bond Counsel Review of Contracts and Warranties

- Service & Supply Contracts revised to reflect SPC's commitment to managing a client's account for five years while allowing the client a 30-day cancel option.
- Warranty revised to protect equipment, guaranteeing service or replacement at no charge, even if a vendor goes out of business.

2012 STARDoc and Simplified Billing Developed and Implemented

- Live Floor Plans: Allows IT administrators to move devices around on their own floor plans.
- STARDoc: Helps project out the end-of-year costs and potential overages.
- Simplified Billing: Designed to eliminate hundreds of invoices and condenses it down to 2 or 3 a year.

2013 STARDoc - Daily Tracking

- Meters gathered daily to track usage

2014 STARDoc - Monthly Audits

- Users can see a monthly snapshot of current usage and estimated projections

2015 STARDoc - Mapping Options and Asset Management

- Allows mapping of other IT devices (Wireless Access Points, IP Cameras, Projectors, VoIP Phones, etc.)
- IT Asset Management tracks all IT purchases, warranty expirations, etc.

SPC TIMELINE (Continued)

2018 STARDoc - Improved Pinpointing of Budget and Communications

- Improved pinpointing of machines projected to go over budget
- Facilitate communication with your vendor's service manager
- Request service history on any given printer or copier

2019 STARDoc – Service Histories, Chromebook Bid

- Mandatory annual fleet service history: Provides data on the overall reliability of the fleet.
- SPC's Chromebook bid allowed organizations to piggyback off our cooperative pricing. Many schools like SAU 67 - Bow and SAU 57 - Salem benefited from this pricing.
- Five-Year Fleet Management (FYFM): Projecting out five-year costs for all equipment based on current and past usage.

2020 Mock Bids - Warranty and Relief Fund

- Mock Bids: allows us to show where a client's pricing would come in without having to go out to bid. This allows them to buy off an existing bid, thus saving time and money.
- Warranty and Relief Fund: Due to the pandemic, there are serious upheavals in the industry. In an effort to cushion our clients, this fund was established. For more information, see the last page of the Annual Report.

2021 Vendor Services and Warranty Relief Equipment

- Vendor Bid Portal allows vendors to electronically submit bids, ensuring accuracy and saving time when calculating bid results for presentation.
- Premier Vendors Classification notes which vendors are not only cooperative to SPC bids but who demonstrate willingness to support SPC's processes before, during, and after the bid.
- Warranty Relief Equipment Base: Premier Vendors will have access to SPC-traded high-quality, low-meter machines. For more information, see the last page of the Annual Report.

2022 Vendor Bid

- Put bid out in February instead of late spring.
- This early bidding saved clients thousands due to inflation and price increases that took place after bid pricing was locked in, preventing higher rates to our clients.
- This also allowed for early ordering to accommodate backorders.
- We were also able to lock in bid rates for existing equipment until new equipment could be installed after the start of the new fiscal year.

2023 STARDoc Facelift and new Ratio Category

- STARDoc Program now online/live as of July 1 with Client Audits for November 1
- High, Middle & Elementary School: Student Ratio for Black & Color Prints

2024 SPC Roadmap

- High, Middle & Elementary School: Student Ratio for Copiers & MFP-Printers

Dear Michele,

Based on 87,539 students across the tri-state region that SPC manages

- Black averages 1,854 per student - up 4% from last year
- Color averages 281 per student - up 16% from last year

Based on 908 students, your district averages are

- Black 2,804 per student - up 4% from the previous year.
- Color 314 per student - up 22% from the previous year.

The good news is, SPC has implemented both PaperCut and STARDoc cost controls. (See Page 34.) We anticipate your next upgrade to take place as soon as 8/2/2024. To make this happen, we would begin the process of building your new Five-Year Equipment Replacement Schedule (FYERS) in the fall of 2023. Estimated color cost savings with your next bid: \$15,391.85 over five years. Our bids are coming in at an average of \$0.036, with our compensation included.

We can discuss this and any other concerns at our meeting.

Sincerely,

Skip Tilton

Overall Description of Equipment Fleet

Presently, you have three (3) manufacturers with 12 distinct models. The new arrangement will shift to one (1) manufacturer with one (1) vendor servicing everything with as few distinct models as possible.

Capital

Presently, you have one (1) municipal lease that will be paid off July 1, 2019. With our proposal, you will again have one (1) municipal master lease at 3.95% interest. Your first of five annual lease payments will be due on August 1, 2019.

Service & Supplies

With all consumable cost centers combined—including service—you are averaging a Cost per Copy (CPC) of \$0.004270 for black and \$0.04882 for color. The new contract will come in at a CPC of \$0.003478 for black and \$0.04329 for color. These figures are an average of both printers and copiers.

Vendor Packages

SPC will bring you multiple different vendor combinations, matching up the best technology available to meet your needs. We would like to highlight the most qualified bid combination for your school district:

Cost Center	Present	A-Copi	A-Copi (5 Payments)
1. Service & Supplies Color*:	\$8,680.79	\$7,690.81	\$7,690.81
2. Service & Supplies Black*:	\$10,733.65	\$8,743.47	\$8,743.47
3. Annual Muni Lease (including SPC Comp):	\$36,164.74	\$29,020.05	\$36,876.22
4. Forced Upgrades (8 Owned Devices):	\$6,900.00	\$00.00	\$00.00
Totals:	\$62,479.18	\$45,524.98	\$53,310.50

*These numbers are based on 2,691,592 copies per year and will fluctuate based on usage.

The successful bidders will have a blanket servicing contract that includes all consumables—excluding staples and paper—for all of the equipment that is under their factory authorized ability to service. They will provide one easy CPC billing plan done twice a year in July and January with a reconciliation invoice in June. Your service contract will be fixed through June 30, 2019. A contract extension has been negotiated for four more years, which will have an annual price ceiling of five percent or CPI, whichever is less. You however, only commit funds for one-year at a time to the servicing vendor. This scenario even allows you to upgrade, lowering the service costs, by allowing you to go out to bid at any time. SPC will set up both the service- supply contracts and the warranty cards with the successful bidding vendors.

Security package

Hard Drive Wipes are included in these prices.

NON-CONTRACTED DEVICES

Make - Model	Serial Number	IP Address	Last Update
CANON TS3300 series	KMSH88873	10.30.0.215	2023-10-03 00:32:37

With your next upgrade, we highly recommend you incorporate these machines into your next contract. Depending on volume, this could result in significant cost savings. For example, in buying supplies on your own and having your in-house IT staff service them, a color laser device color cost can average as much as 25 cents per print, while our bids are coming in at less than 5 cents per print.

In addition, not including the usage on these machines can throw off your usage ratios shown on the next few pages, which can also affect your future budget planning.

SPC SERVICE & SUPPLY COST SAVINGS

These tables compare your equipment cost per copy for service and supplies (black prints or copies only) before becoming an SPC client on 01/15/1998 with your projected cost per copy for the new fiscal year through SPC. Annual Volume represents actual FY 23 black print usage. The second table represents your annual and five-year cost savings compared to your previous cost per copy rate.

BEFORE SPC

Current Volume	Prior CPC	Average Annual Cost
2,545,760	\$0.01740	\$44,296.22

CURRENTLY WITH SPC

Current Volume	Current CPC*	Current Cost	Cost Savings	5 Year Savings
2,545,760	\$0.00375	\$9,546.60	\$34,749.62	\$173,748.12

*This CPC is an average of your copiers and printers together. Your copier cpc is substantially lower than this average.

Today the Cooperative Buying of SPC has netted annual cost savings, on average,
of
\$34,749.62 x 25 years as a Client = \$868,740.60 Cost Savings!

PROJECTED EQUIPMENT COSTS BY BUILDING - BLACK

This table represents PROJECTED expenses for BLACK prints or copies by building based on recent activity. Approximate current paper case costs and **averaged** current annual lease payments are figured in to provide budget information for the upcoming fiscal year.

WARRANTY RELIEF FUND

Why is it Needed?

With the recent pandemic, schools and businesses shut down. In FY20 credits owed were around \$389,000. However, your contracts stipulate that any unused service and supplies are to be refunded. While this may seem like good news, what if the vendor is unable or unwilling to repay those funds? Many companies outside of the copier industry are already filing for bankruptcy. SPC's legitimate concern is, what if this hits the copier industry and we can no longer access the funds owed to the client?

Other Concerns:

- Vendor refuses to honor a Warranty
- Equipment is no longer under a vendor Warranty
- Vendor refuses to honor a Service-and-Supply Contract at the agreed-upon pricing.
- Vendor gets sold to a venture capitalist entity or to a risky new owner with limited cash reserves

Purpose:

Since 1989, SPC's goal is to shelter our clients from Industry upheavals. This fund is to set aside monies that can be used by any client, if a need arises.

Funding Source: Initially, \$200,000 no-interest personal loan. To be paid back from two sources...

- Wholesale Trades... For over 10 years these funds have been set aside for warranty replacement units since the industry would provide the same cash price with or without the trade.
- Equipment Purchases... 2% of the gross will be set aside with each upgrade.

Who Benefits?

All SPC clients...like any insurance fund, by pooling funds from SPC's entire client base, any losses are eliminated.

WARRANTY RELIEF EQUIPMENT BASE

Why is it Needed?

As with credits owed to clients for unused copies, sometimes equipment needs to be replaced or added but there are no funds in the budget. Rather than relying solely on the Warranty Relief Fund, SPC will have an inventory of high-quality, low-meter copiers and printers to use as replacements or additional equipment as needed at a lower cost to the client than a new machine.

Other Concerns:

- Equipment is no longer under a vendor Warranty
- Vendor refuses to honor a Warranty
- Equipment is damaged by user and not covered under the Warranty

Purpose:

- To replace or add a machine when needed

Who Benefits?

- All SPC clients...by pooling high-quality equipment from past client upgrades, equipment can be replaced with minimal impact on the client
