Dear Donn:

VISIT US ON THE WEB:
www.spccopypro.com

Our staff at SPC would like to extend their gratitude for allowing us to provide beneficial services to you and your organization for the past *13 years*. Over the last two years, SPC has made major improvements to your services without increasing our cost to you. We hope you have experienced and enjoyed the benefits.

Since our inception in 1988, we have always strived to maximize your savings while improving productivity and reliability. As a major part of our services, **SPC STAR Doc.** * which was designed to predict both your year-end cost as well as set up your next year's budget as soon as January 1st, is fully functional. New features include...

- Mapped devices show a before and after Upgrade floor plan
- Devices not reporting are now factored into your budget so that you have a more accurate forecast
- Non-contracted devices are now flagged with potential cost savings

*Feel free to ask for a more detailed explanation

New to this year's Annual Report is a section for warranty replacements and equipment complaints that have taken place during the previous year. This will flag problem locations that may or may not need to be eventually upgraded. As always, the overview of your equipment usage and status for the past fiscal year is included. Recommendations are provided to address potential problem areas to avoid needless down time and improve equipment reliability for years to come.

Thank you again for allowing SPC the opportunity to be of service. We look forward to our personal presentation of this year's annual report.

Sincerely,

Skip Tilton
President

Skip Tilton, President

Billie Jo Tilton, Vice President

As co-founders of SPC, Billie Jo and I are very proud of our team of professionals. The concept of group purchasing to save millions has grown since 1988 into providing over 16 different managerial services that increase reliability and extend the life of your equipment. However, none of this would have been possible without the loyalty of over 87 clients (3,800+ machines with 1.6 billion prints over five years). Together, we have realized the lowest prices possible while improving the quality of your service and equipment.

Sue Penney

Administration & Finance Manager

SPC is committed to providing cost-effective and reliable reprographics platforms to our community of clients. My 20+ years of experience in corporate management will be key in strengthening the relationships between SPC's clients and vendors. I

Dear Donn

It's been 14 years since we have done business and it has been a pleasure working with you. Also, we have developed powerful new management tools such as STARDoc that can dramatically control future printing and thus control cost.

As your equipment ages, there is bound to be more reliability concerns. It should be our goal to stay ahead of that reliability curve. Also noteworthy is that all of your warranties and service contracts are scheduled to end on June 30 of 2017. I am confident that not only can we improve the quality of your equipment but also the reliability. It will be our goal to reduce your current budget at the same time.

I would begin the process by surveying and writing a new five year plan as early as January of 2016.

Aging Equipment Summary

The following equipment is seven or more years from the date they were first offered for sale by the manufacturer. This is a major factor because availability of parts, cost of operation and warranties all become diminished at 10 years from the Date of Introduction. Usage, age, and service history need to be considered to see if they are due for replacement soon.

: **SERVICE AND SUPPLY CONTRACT**

The Vendor identified below of the equipment described at Exhibit A to Property Schedule No. 1 (the "Equipment") to a Master Lease-Purchase Agreement between M.S.T. Government Leasing, LLC, as lessor (the "Lessor") and RSU 14 - Windham Raymond, as lessee (the "Lessee"), commencing on May 1, 2012, (the "Lease-Purchase") hereby contracts with Lessee for the term of the Lease-Purchase (terminating on June 30, 2017) to provide comprehensive services, supplies, and maintenance to such Equipment, excluding only the cost of paper, transparencies, and staples, at a cost per copy per item of Equipment as shown on Schedule A attached hereto. In addition, for high-speed duplicators, Vendor may charge the cost shown on Schedule A attached hereto for masters used when the number of copies made by use of such masters is, on an annual average, fewer than 100. Vendor shall provide a four-hour response time to all service calls.

On July 1 of each calendar year during the term of the Lease-Purchase, Vendor, at its option, may increase such costs per copy under this Service and Supply Contract (the "Contract") by 5% or by a percentage equal to the increase during the immediately preceding 12-month period of "The Consumer Price Index for All Urban Consumers (CPI-U) for the U.S. City Average for All Items, 1982-84 = 100," whichever is less.

On July 1 of each calendar year during the term of the Lease-Purchase, Vendor shall credit to Lessee any cost of this Contract prepaid by Lessee and unused by Lessee because fewer copies were made by Lessee during the Contract period ending on such July 1 than were originally estimated under this Contract to be made by Lessee during such period. If the Lease-Purchase is terminated prior to the end of its term, Vendor shall prorate and return to Lessee, within 30 days of such termination, any cost of this Contract prepaid by Lessee and unused by Lessee because of such early termination of the Lease-Purchase.

SPC's Dual-Layered Warranty – Purpose & Explanation

Reprographic equipment is expensive and does not hold its value. Therefore, it is crucial for you and the banking industry holding the collateral to secure this asset.

Our unique Dual-Layered Warranty guarantees a like-for-like no-charge replacement unit in the event of equipment not performing satisfactorily.

1. **Servicing Vendor**; implemented in 1988
2. **ESP Electrical**; implemented in 2007, all photocopiers with such units will be warranted from electrical damage by ESP.

ESPs (Electronic Surge Protectors) with our most recent upgrades are being installed by SPC on 40 CPM units and faster in order to cut down on approximately 30% of all service calls. These units will not only protect from electrical surges but will also filter out electronic noise that creates havoc with boards and the operation of your equipment.

WARRANTY

(LEASED EQUIPMENT)

The Vendor identified below of the equipment described at Exhibit A to Property Schedule No. 1 (the "Equipment") to a Master lease-Purchase Agreement between M.S.T. Government Leasing, LLC, as lessor (the "Lessor") and RSU 14 - Windham Raymond, as lessee (the "Lessee"), commencing on May 1, 2012, (the "Lease-Purchase") hereby warrants to Lessee that, if any such Equipment malfunctions through no fault of Lessee during the term of the Lease-Purchase (terminating on June 30, 2017) and such Equipment cannot be repaired promptly, Vendor promptly will replace such Equipment with equipment which is equal to or superior in quality and capabilities to the Equipment being replaced, at no cost to Lessee.

The only exclusions to this Warranty are as follows:

1. This Warranty will expire for an item of Equipment when the life expectancy of such item of Equipment in number of copies, as shown on Schedule A(P) attached hereto, is exceeded;
2. This Warranty will expire for an item of Equipment at the date which is ten years after such Equipment was first offered for sale or lease by the manufacturer as shown on Schedule A(P) attached hereto.
