Dear Bob:

We at Specialized Purchasing Consultants, wish to thank you for your continued confidence in us. Our relationship is **now 22 years strong**, and we hope that your trust in us and this relationship will continue for many years to come.

The following Annual Report provides an overview of last year's reprographic equipment usage and status. Recommendations are included based on usage and remaining life expectancy to address potential problem areas. This will help to avoid needless down time and improve equipment reliability.

Every year we strive to improve or enhance our services to save our clients time, money, and effort. For the past number of years, numerous new features have been implemented to benefit our clients such as Simplified Billing, FMAudit automated meter reading, STARDoc and IT Asset Management. We hope you have found these services to be beneficial and time-saving. We are very pleased to offer these services at no additional charge.

During our meeting with you to review this report, we would like to take some time to review our current services as well as new services soon to be offered and how you can benefit from these services.

Again, we appreciate the opportunity to continue to provide you with the best possible pricing, service, and equipment. If you have any questions or are in need of more information, please let us know.

Sincerely,

Skip Tilton  
President

As co-founders of SPC, Billie Jo and I are very proud of our team of professionals. The concept of group purchasing to save millions has grown since 1988 into providing over 16 different managerial services that increase reliability and extend the life of your equipment. However, none of this would have been possible without the loyalty of our clients, many of whom we have assisted for more than 20 years! Together, we have realized the lowest prices

possible while improving the quality of your service and equipment, as well as providing ways to increase your equipment reliability and the ability to monitor and track usage variations throughout the year to keep your costs under control.

NOTE: When a machine goes off warranty, it does not mean that the service contract expires. It simply means that if a replacement machine becomes necessary, it may not be at "no charge."

Dear Bob,

It has been three years since your last upgrade and you could benefit from an onsite visit and an upgrade since costs have come down over the years. You have 1 machine that is nearing the end of warranty. We noticed that you have 1 printer that is underused, doing less than 500 prints last year. Also, take note that there is some powerful print management software that you may want to consider this time around. (See page #12) In reviewing both your black and color usage compared to over 54 school districts across three states your ratios are below average which is fantastic!

In order to stay ahead of your reliability curve, your next upgrade could take place in the Summer of 2019 when you will have made your last lease payment. I am confident that there are other needs that an onsite visit will be able to address.

Sincerely,  
Skip

## Aging Equipment Summary

The following equipment is seven or more years from the date they were first offered for sale by the manufacturer. This is a major factor because availability of parts, cost of operation and warranties all become diminished at 10 years from the Date of Introduction. Usage, age, and service history need to be considered to see if they are due for replacement soon.

# Service and Supply Contract - Client

Specialized Purchasing Consultants (“SPC”) hereby contracts with \_\_\_\_\_ (“Client”) to provide comprehensive services, supplies, and maintenance to equipment described on Schedule A (“Equipment”) using the Contracted Vendor shown below at a cost per print shown on said Schedule A, commencing on \_\_\_\_\_ and terminating on June 30, \_\_\_\_\_. This Service and Supply Contract (“Contract”) shall exclude only the cost of paper, transparencies, and staples. Refer to Schedule A for Additional Provisions, if any.

SPC assumes responsibility for all billing and vendor payment. SPC shall invoice Client one-half of the annual projected number of pages multiplied by the cost per print listed on Schedule A. This semi-annual billing will take place July 1 and January 1. Actual meter reads will be collected by SPC either electronically or from Client staff during the month of June. A final Reconciliation spreadsheet and invoice will then be completed and sent to client. Upon payment of each billing invoice during the year, SPC will reimburse Contracted Vendor appropriately. Client is responsible for making payment in full within 30 days of said invoicing to avoid suspension of supplies by Contracted Vendor.

On July 1 of each calendar year during the afore-mentioned term, SPC shall credit Client any unused prepaid pages to Client if fewer copies were made by Client during the Contract period ending on or before June 30 annually than were originally estimated under this Contract for such period. If more pages were consumed than billed in the combined semi-annual billing, an overage invoice will be generated. Following semi-annual billing will be based on previous year volume.

On July 1 of each calendar year during the term of this Contract, SPC, at its option, may increase such costs per print under this Service and Supply Contract by 5% or by a percentage equal to the increase during the immediately preceding 12-month period of “The Consumer Price Index for All Urban Consumers (CPI-U) for the U.S. City Average for All Items, 1982-84 = 100,” whichever is less.

Client may terminate Contract at any time with a 30-day written notice. Client will be required to provide final meter reads on all Equipment listed on Schedule A, including those added during the Contract term. Any credits owed to Client after reconciling actual usage versus projected will be paid to Client. Client must return any unused consumables to Contracted Vendor.

# Warranty

Vendor ("Contracted Vendor") hereby warrants to \_\_\_\_\_ ("Client") that, if any such Equipment described on Schedule B attached hereto malfunctions through no fault of Client during the term commencing on \_\_\_\_\_ and terminating on June 30, \_\_\_\_\_, and such Equipment cannot be repaired promptly, Contracted Vendor, *through Specialized Purchasing Consultants*, will replace such Equipment with equipment which is equal to or superior in quality and capabilities to the Equipment being replaced, at no cost to Client. Refer to Schedule B for Additional Provisions to this Warranty.

The only exclusions to this Warranty are as follows:

- 1. This Warranty will expire for an item of Equipment when the Warranty Life of such item of Equipment in number of copies, as shown on Schedule B attached hereto, is exceeded;
- 2. This Warranty will expire for an item of Equipment at the date which is ten years after such Equipment was first offered for sale or lease by the manufacturer as shown on Schedule B attached hereto.

- We will ***save you time*** by preparing your bid, negotiating with vendors/manufacturers, presenting a total bid analysis and managing the implementation.
- We will ***save you frustration***. We manage your contracts for up to five years from the date of installation.

#### 2. Exclusive STARDoc Software

- Maps all devices and sets up "Interactive Live Floor Plans" of all printing devices, showing you a Before and After Upgrade look; provides a visual for all decision makers over the next five years.
- STAR Doc studies your printing habits and is able to predict your year-end cost months in advance, before you receive your year-end reconciliation invoice.
- Sets up your next year's budget at the click of a mouse.

#### 4. Five-Year Equipment Replacement Schedule

- SPC's staff surveys key locations that determine life of existing equipment.
- Specs out new equipment needed: Does not allow vendors to undersize during the bidding process.
- Manages the entire bid process down to the install.

#### 5. Annual Report

- A crucial document that extends the life of your equipment, often getting 8 to 10 years of guaranteed performance! Flags copying trends within your organization such as over usage
- You get an overview of your current equipment situation, reports associated with copying and printing costs and, if needed, recommendations for addressing situations posing a problem

#### 6. Vendor Neutral

- SPC does not recommend just one brand; we suggest what's best for you with serviceability in mind.
