Dear Ryan:

VISIT US ON THE WEB:
www.spccopypro.com

On behalf of all of us at Specialized Purchasing Consultants, thank you for your continued confidence in us. Our relationship is **now 12 years strong**, and we hope that your trust in us and this relationship will continue for many years to come.

The following Annual Report provides an overview of last year's reprographic equipment usage and status. Recommendations are included based on usage and remaining life expectancy to address potential problem areas. This will help to avoid needless down time and improve equipment reliability.

Every year we strive to improve or enhance our services to save our clients time, money, and effort. For the past number of years, numerous new features have been implemented to benefit our clients such as Simplified Billing, FMAudit automated meter reading, STARDoc and IT Asset Management. We hope you have found these services to be beneficial and time-saving. We are very pleased to offer these services at no additional charge.

During our meeting with you to review this report, we would like to take some time to review our current services and discuss how these are being utilized in your district. We also welcome suggestions for improvement to enhance your experience with SPC.

Again, we appreciate the opportunity to continue to provide you with the best possible pricing, service, and equipment. If you have any questions or are in need of more information, please let us know.

Sincerely,

Skip Tilton
President

The SPC Team...

would like to personally thank you for your continued trust and confidence!

Skip Tilton, President

Billie Jo Tilton, Vice President

As co-founders of SPC, Billie Jo and I are very proud of our team of professionals. The concept of group purchasing to save millions has grown since 1988 into providing over 16 different managerial services that increase reliability and extend the life of your equipment. However, none of this would have been possible without the loyalty of over 87 clients (3,800+ machines with 1.6 billion prints over five years). Together, we have realized the lowest prices possible while improving the quality of your service and equipment.

Sue Penney

Administration & Finance Manager

SPC is committed to providing cost-effective and reliable reprographics platforms to our community of clients. My 20+ years of experience in corporate management will be key in strengthening the relationships between SPC's clients and vendors. I will be focused on responding to your inquiries with the goal of solving any issues that may arise in a timely and efficient manner. Providing quality customer service is my top priority.

Alex Webster

Director of Customer Relations

My top priority is ensuring that our clients receive the absolute best customer service possible. Whether you have a question about your SPC STARDoc site, an upcoming upgrade, or your existing equipment, I am here to answer any questions you may have. I am very excited about the new features that we have on STARDoc. We are now able to offer features that normally cost thousands of dollars at no additional charge for our clients.

Robert B. Dutil

Director of Information Technology

I have been working with SPC since February 2000. SPC's honesty, work ethics and loyalty have made my experience with the company a pleasurable journey. By doing this, our clientele has the ability to monitor their assets and keep their costs down. I am excited about what the future holds for SPC and our clients.

Rachel Guay

I am responsible for the majority of the accounting communications between SPC and its vendors and clients. I will rely upon my years of experience and my strong attention to detail to ensure our clients' needs are well served. It is my goal to work accurately and efficiently and to uphold the high standards of customer satisfaction that SPC has provided to their customers. I look forward to establishing a strong working relationship with each and every one of you.

NOTE: When a machine goes off warranty, it does not mean that the service contract expires. It simply means that if a replacement machine becomes necessary, it may not be at "no charge."

** Current Service and Warranty Contracts fall shy of your current equipment lease end date (8/1/19). We are working to correct this oversight so that your contracts continue through the end of the fiscal year after your last lease payment (6/30/20).

Dear Ryan,

There are 12 machines that are getting up in age. I would not try to address them this year. I would definitely continue to pay down your principal on your capital lease by making your next payment. Each time you make a payment, you create additional funds for your next upgrade. The goal is to keep your capital cost at the same level or lower with your next upgrade.

It is important to not ignore machines that are being overused or underused. In your case, we have 0 machines being overused and 1 that is being underused. One of our responsibilities as a consultant firm is to make sure you maximize your capital investment as well as minimize the cost of operation on your service contracts.

Sincerely,

Skip

Aging Equipment Summary

The following equipment is seven or more years from the date they were first offered for sale by the manufacturer. This is a major factor because availability of parts, cost of operation and warranties all become diminished at 10 years from the Date of Introduction. Usage, age, and service history need to be considered to see if they are due for replacement soon.

Service and Supply Contract - Client

Specialized Purchasing Consultants ("SPC") hereby contracts with _____ ("Client") to provide comprehensive services, supplies, and maintenance to equipment described on Schedule A ("Equipment") using the Contracted Vendor shown below at a cost per print shown on said Schedule A, commencing on _____ and terminating on June 30, _____. This Service and Supply Contract ("Contract") shall exclude only the cost of paper, transparencies, and staples. Refer to Schedule A for Additional Provisions, if any.

SPC assumes responsibility for all billing and vendor payment. SPC shall invoice Client one-half of the annual projected number of pages multiplied by the cost per print listed on Schedule A. This semi-annual billing will take place July 1 and January 1. Actual meter reads will be collected by SPC either electronically or from Client staff during the month of June. A final Reconciliation spreadsheet and invoice will then be completed and sent to client. Upon payment of each billing invoice during the year, SPC will reimburse Contracted Vendor appropriately. Client is responsible for making payment in full within 30 days of said invoicing to avoid suspension of supplies by Contracted Vendor.

On July 1 of each calendar year during the afore-mentioned term, SPC shall credit Client any unused prepaid pages to Client if fewer copies were made by Client during the Contract period ending on or before June 30 annually than were originally estimated under this Contract for such period. If more pages were consumed than billed in the combined semi-annual billing, an overage invoice will be generated. Following semi-annual billing will be based on previous year volume.

On July 1 of each calendar year during the term of this Contract, SPC, at its option, may increase such costs per print under this Service and Supply Contract by 5% or by a percentage equal to the increase during the immediately preceding 12-month period of "The Consumer Price Index for All Urban Consumers (CPI-U) for the U.S. City Average for All Items, 1982-84 = 100," whichever is less.

Client may terminate Contract at any time with a 30-day written notice. Client will be required to provide final meter reads on all Equipment listed on Schedule A, including those added during the Contract term. Any credits owed to Client after reconciling actual usage versus projected will be paid to Client. Client must return any unused consumables to Contracted Vendor.

- We will ***save you money*** benefiting from the combined purchasing power of more than 84 clients with over 5,000 devices doing more than 306 million copies and prints per year. In 2015 we purchased approximately 1,070 printing devices, with over 83 million prints out to bid.
- We will ***save you time*** by preparing your bid, negotiating with vendors/manufacturers, presenting a total bid analysis and managing the implementation.
- We will ***save you frustration***. We manage your contracts for up to five years from the date of installation.

2. Exclusive STAR Doc Software

- Maps all devices and sets up "Interactive Live Floor Plans" of all printing devices, showing you a Before and After Upgrade look; provides a visual for all decision makers over the next five years.
- STAR Doc studies your printing habits and is able to predict your year-end cost months in advance, before you receive your year-end reconciliation invoice.
- Sets up your next year's budget at the click of a mouse.

3. Simplified Billing Program

- Removes the confusion out of billing.
- Eliminates variety of invoices from multiple vendors that come annually and/or quarterly.
- With SPC's Simplified Billing Program, TWO invoices are sent each year from ONE billing source.
- Reconciles all of your devices at the end of the year: You pay only for what you use; no minimums.

4. Five-Year Equipment Replacement Schedule

- SPC's staff surveys key locations that determine life of existing equipment.
- Specs out new equipment needed: Does not allow vendors to undersize during the bidding process.
- Manages the entire bid process down to the install.

5. Annual Report

- A crucial document that extends the life of your equipment, often getting 8 to 10 years of guaranteed performance! Flags copying trends within your organization such as over usage
- You get an overview of your current equipment situation, reports associated with copying and printing costs and, if needed, recommendations for addressing situations posing a problem
