

**SAU 49 - Ricoh
FLEET REPORT FY22**

SPC SUMMARY

This annual fleet report is a service SPC offers in order to stay ahead of problem or aging units under contract. It is designed to highlight areas of concern as well as determine how well your vendor is managing your fleet.

Out of 155 units under contract with Ricoh, there were 22 service calls on 12 copiers and 4 printers during the fiscal year. Uptime for your fleet was 99.96% which is excellent and expected for the size and newness of your fleet. SPC's bid specs require vendor to arrive within an average of four hours for service calls. However, each vendor calculates these figures differently. Ricoh notes their average response time from call to arrival as 4.71 hours, which is higher than the expected average and will be addressed with the vendor.

Your last upgrade was 8/2/2021. All machines are under a five-year+ warranty and service contract that expires on 6/30/2027. The average model in your fleet was introduced 3.83 years ago. No units are more than 7 years from date of intro. We monitor this detail because as models get more than 10 years out from date of introduction parts become harder to locate and repair times may be longer.

No units had more than 3 service calls in the fiscal year.
