Fleet Report FY22**

KONICA MINOLTA

SPC SUMMARY

This annual fleet report is a service SPC offers in order to stay ahead of problem or aging units under contract. It is designed to highlight areas of concern as well as determine how well your vendor is managing your fleet.

Out of 95 units under contract with KMBS, there were 36 service calls on 11 copiers and 9 printers during the fiscal year. Uptime for your fleet was 99.95%, which is excellent for the size of your fleet and consistent with the age of your equipment. SPC's bid specs require vendor to arrive within an average of four hours for service calls. However, each vendor calculates these figures differently. KMBS notes their average response time from call to arrival as 4.85 hours, which is still high and will be addressed with the vendor.

Your last upgrade was 8/2/2020. All machines are under a five-year+ warranty and service contract that expires on 6/30/2026. The average model in your fleet was introduced 4 years ago. There are no units more than 7 years from date of intro. We monitor this detail because as models get more than 10 years out from date of introduction parts become harder to locate and repair
