FLEET REPORT FY23

SPC SUMMARY

This annual fleet report is a service SPC offers in order to stay ahead of problem or aging units under contract. It is designed to highlight areas of concern as well as determine how well your vendor is managing your fleet.

The vendor reported two service calls, but they were both for preventative maintenance and therefore reflect no down time or average response time.

Your last upgrade was on 7/1/2019. All machines are under a five-year+ warranty and service contract that expires on 6/30/2024. Your current copier was almost seven years ago. We monitor this detail because as models get more than 10 years out from date of introduction parts become harder to locate and repair times may be longer.
